# BLUE VCC

## Secure suppliers payments through e-card

**KOEDIA**

# BLUE VCC IN FEW WORDS...

Tourism professionals are facing with new safety requirements. Our BLUE VCC "No touch" solution allows you to streamline your payment process by creating an automatised virtual credit card. Our solution can be PCI DSS compliant.

Create single or multiple-use virtual cards and limit their duration to secure and track your payment. Choose between two ways of integration according to your needs, and benefit from a 100% programmable solution to manage your suppliers payments by choosing among a wide list of our partner banks.
